English: Upper-Intermediate (B2)

Summary

Product Designer with 4+ years of experience designing fintech and digital products used by millions of customers. Experienced in end-to-end product design, user research, hypothesis validation, usability testing, and design systems. Worked across banking, loyalty, and financial services products serving more than 50 million users collectively. Passionate about creating intuitive experiences that balance user needs, business goals, and technical constraints.

Experience

[Alfa-Bank](#) | Product Designer (Feb 2025 – Present)

Designed experiences for Self-Employed Services (470K+ users), Multibanking, and Card Limits. Created new customer journeys from scratch, contributed to MVP launches, conducted usability testing, and partnered with product managers, analysts, and engineers.

[Koshelek](#) | Product Designer (Mar 2024 – Nov 2024)

Worked on a digital wallet and loyalty platform with 35M+ registered users and 13M+ monthly active users. Redesigned merchant promotion experiences, card issuance flows, and CRM-related interfaces.

[Sber](#) | Product Designer (Mar 2023 – Feb 2024)

Designed pension-related products used by more than 16 million customers across mobile, web, tablet, and internal platforms.

Freelance UX/UI Designer (Sep 2021 – Feb 2023)

Worked on My School, Yelo: Intermittent Fasting, and IQ Option.

Education

Professional Retraining Program in UI/UX Design — GeekBrains (2022)

Bachelor's Degree in Industrial & Civil Engineering — Ural Federal University (2015)
